INDUSTRY ANNOUNCEMENT

Torrance, CA: Conesys, Inc. is pleased to announce that Peter Curwen has been appointed as the new company President, effective February 25, 2013.

"We are excited to have a talent of Peter Curwen's caliber heading our corporate initiatives," said Conesys CEO Walter Neubauer. "As we continue to strategically expand our offerings and solidify our position in the industry, his extensive relationships and industry knowledge will greatly enhance our growth and move the company progressively forward."

Peter Curwen is recognized as a global leader in the connector industry having addressed worldwide markets for over 25 years. Pete has held senior management positions in Product and General Management at Berg Electronics and FCI, most recently holding the position of President; Electronics Division, FCI. Earlier in his career, Pete also held Management positions in Engineering at Berg Electronics and DuPont Connectors. Pete is a graduate of Columbia University with Bachelor degrees in Mechanical Engineering and Physics.

About Conesys: Conesys is privately held and headquartered in Torrance, California. The company markets under the brand names Aero-Electric Connector, Aero Industrial Products, EMP Connectors, J-Tech, Conesys Europe, and ATI-Interco. With roughly 1,000 employees Worldwide, Conesys combines the financial strength with the flexibility and responsiveness of a world class supplier of Interconnect Solutions.
